Dear Dr. Cazares:

July 20, 1988

As you know, based on the information adduced during your informal interview before the Board of Osteopathic Examiners on Friday, April 8, 1988, the Board duly voted to issue you a Decree of Censure for allowing unlicensed staff to authorize refills of controlled substances and to give injections in your absence.

A Decree of Censure means a formal written reprimand for a violation of the Arizona Osteopathic Practice Act and constitutes an official action against your license.

If you have any questions about this action, please feel free to call me.

Sincerely,

Mary L. Tucker
